

Digital Signal Processing Webinar With Dr. Eric Tarr

Thursday, April 10, 2025 (Online) | 4:00PM EST – 5:30PM EST
Webex Conference

A DSP seminar led by Professor Eric Tarr, author of “Hack Audio”, offering students in Acoustics, Audio Engineering, Music Technology, and related STEM fields hands-on experience with MATLAB and Simulink for implementing real-time audio processing techniques

Register at <https://nyumatlab.github.io>

Before the webinar, feel free to explore additional resources on the MATLAB@NYU website.
